

Thousands of reasons to smile

Sunday, November 26, 2006 1:14 AM PST

Dear editor,

Thanks to Dr. Adrian Fenderson, his staff, patients, the staff and board of Cope Family Center are all smiles. Through the Smiles for Life Program, Dr. Fenderson whitened his clients' smiles and raised \$5,057 for Cope Family Center.

Entering its 35th year, Cope Family Center is a nonprofit organization dedicated to supporting parents and nurturing children through parent education, family support services, and child advocacy programs.

Dr. Fenderson's generous efforts and donation through Smiles for Life will assist Cope Family Center in providing a year's worth of home visits to two families, family therapy to 15 families, parent education classes for 60 families, or tax preparation and financial education to 80 families.

All of Cope Family Center's programs are designed to strengthen and empower Napa County families in order to provide safe and healthy homes to children.

Thank you again to Dr. Fenderson, his staff, and patients for supporting Cope Family Center and Napa families through the Smiles for Life fundraiser. Your generosity directly benefits Napa county families.

For further information about parenting classes and other services, or to make a donation and support the ongoing work of Cope Family Center, go to www.copefamilycenter.org, call 252-1123, or visit the Victorian home office at 1340 Fourth Street in Napa.

Thank you from the Cope Family Center Board of Directors

Kerri Greene-Curtis
